

# TruePower iV Pro

– Serious power for serious users

The TruePower iV Pro is the most powerful iPhone battery back pack on the market.

If you are constantly recharging your iPhone or have an external battery that is dying by lunch time, the TruePower iV Pro is for you.

The TruePower iV Pro is equipped with a 3100mAh battery that eclipses the offerings by Case-Mate, RichardSolo, Energizer and Mophie Juice Pack Air

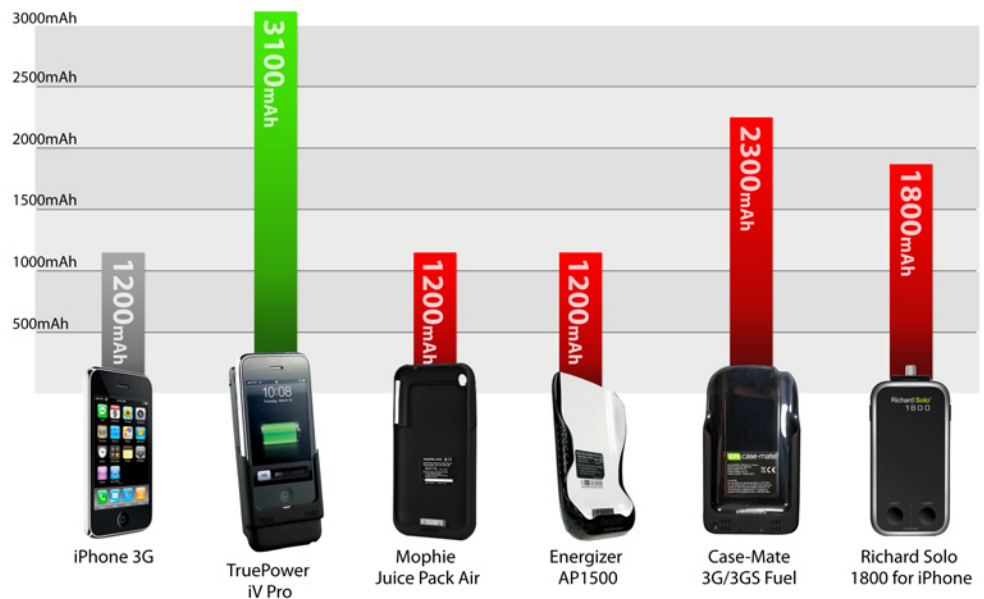

The TruePower iV Pro is the only Apple authorized iPhone battery charger that has enough power for you to run your iPhone all day.

TruePower iV Pro  
– so versatile, it  
will even recharge  
your iPad

## iPhone battery power comparison:

While the TruePower iV Pro will keep your iPhone in business from the time you wake up, until the time you go to bed, the iV Pro also offers the demanding iPhone user additional features to help you get through your day.
